WORK EXPERIENCE

CV. MEDAN MAS KARIMUN

Jakarta, Indonesia

Internship, Software Developer

Nov 2023 - Jan 2024

- Collaborated closely with stakeholders to identify pain points, leading to the development of tailored solutions.
- Led the development of an invoice manager utilizing React, SQL, and Express.
- The application reduced input errors and streamlined invoice management processes, directly contributing to a 20% improved team productivity and operational efficiency.

PROJECT EXPERIENCE

Hobbify ([Link](#))

Sydney, NSW

Mobile Developer

Sep 2023 - Nov 2023

- Significantly contributed to the front-end development of Hobbify, a mobile app connecting users with events.
- Utilized React Native, Expo, and integrated Firebase with an agile development strategy to meet a 2-week deadline.
- Drove an 80% increase in user satisfaction from the initial to the final prototype based on usability testing.

MyFitness ([Link](#))

Sydney, NSW

UI/UX Designer

May 2023 - Aug 2023

- Led a user-centered design process, emphasizing empathy with users through the development.
- Managed the complete design cycle, from initial ideation to prototyping in [Figma](#).
- Conducted extensive usability testing using Maze to validate design choices, leveraging user feedback to enhance app functionality and user satisfaction, resulting in a 75% increase in task completion.

LEADERSHIP EXPERIENCE

UNSW Computer Science and Engineering Society

Sydney, NSW

Marketing Subcommittee Member

Mar 2023 - Oct 2023

- Leveraged data-driven content strategies leading to an 600% increase in traffic to the [TikTok](#) & [Instagram](#) pages.
- Utilized analytical insights to continuously refine content, resulting in significantly enhanced audience engagement and a direct correlation with 100% increase in event participation.
